Do you want to work in Austria whilst experiencing the USA? Then you've come to the right place!

To strengthen our team in the field of technical container systems, we are looking for qualified application engineers (m/f/d) to work on international construction sites and to support the delivery of assembly kits.

Your responsibilities:

- Supporting and assisting our customers with the erection and assembly of technical modules on construction sites / on-site assembly assignments (primarily in the USA)
- Training and briefing customers and assembly teams on site
- Ensuring a documented, on-time process in accordance with the scope of supply and the assembly instructions
- Acting as the point of contact between the construction site, customers and internal departments
- Documenting the assignments and providing feedback to internal departments

Your profile:

- Completed technical training (e.g. apprenticeship, HTL, etc.)
- Several years' professional experience as a (senior) fitter, ideally in international installation projects
- Manual dexterity and a good understanding of technical matters,
- Willingness to travel abroad regularly (international construction site assignments, predominantly in the USA)
- Proficiency in MS Office
- Experience in reading and understanding CAD plans and technical drawings
- An independent and structured approach to work, as well as being a team player with strong organisational skills
- Communication skills and a strong customer focus
- Very good written and spoken German and English

What you can expect:

- A training period lasting several months at our plant in St. Georgen near Grieskirchen
- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialties (at the Stritzing site)

Does this job appeal to you? Then apply now – we look forward to getting to know you!

For this full-time position, a gross salary of 3,500 euros is offered (plus
