As a **metalworker**, you'll be responsible for working with metal – by hand or using machines – and assembling individual parts into complete assemblies. You'll use a variety of techniques such as filing, drilling, turning, etc.

An overview of your apprenticeship content:

- Machining metal parts – e.g. sawing, drilling, grinding and bending
- Manufacturing and assembling simple components
- Working with machines and hand tools in the workshop
- Reading simple technical drawings and plans
- Working safely whilst complying with quality and safety regulations

Right from the start, you'll gain practical insight and learn, step by step, to take on responsibility.

Your strengths:

- Attention to detail
- Manual dexterity
- Ability to work in a team

What you can expect:

- An interesting working environment within a motivated team
- Modern work equipment and laundered workwear
- Numerous additional benefits (canteen, fruit, medical cover, gym subsidy, ...)
- Opportunities for development within an industrial company offering all the benefits of a family-run business
- Convenient public transport access, including a travel pass
- Team activities and workshops
- Support with your studies
- Opportunity to undertake an apprenticeship whilst studying for your Matura

Start of the apprenticeship: September 2026

Duration of the apprenticeship: 3 years

The apprentice's salary (gross per month) in accordance with the collective agreement for the metalworking industry is:

1st year of apprenticeship: EUR 1,071.00

2nd year of the apprenticeship: EUR 1,295.40

3rd year of the apprenticeship: EUR 1,657.50

Good performance at vocational school and in the final apprenticeship examination pays off with us and is rewarded accordingly.

Does this apprenticeship appeal to you? Then apply now with your most recent school report, a CV and a covering letter (Why are you applying for this apprenticeship at Gföllner?). We look forward to getting to know you!
