Your responsibilities:

- Creating and preparing digital learning content (e.g. videos, modules, learning pathways)
- Ensuring modern teaching standards and innovative learning methods
- Optimising and further developing the existing e-learning platform
- Collaborating with specialist departments to identify training needs
- Further developing and expanding our e-learning offerings
- Designing, building and structuring a sustainable e-learning strategy

Your profile:

- Currently studying in the field of human resources development, education, HR or a comparable field
- Initial experience in working with e-learning systems (LMS) and developing digital learning content
- Technical understanding of learning platforms (LMS) and digital tools
- A structured, independent and solution-oriented approach to work
- Creativity in designing modern learning formats
- Strong communication skills and a passion for collaborating with various stakeholders
- Excellent written and spoken German and English

What you can expect:

- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for professional development within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialities
- Option to work from home (max. 1 day per week)
- The opportunity to play an active role in shaping the company's future
