VIEW JOB ONLINE

Your responsibilities:

- Carrying out assembly work on container sub-assemblies up to 25 m in length
- Drilling and riveting (partly galvanised) steel components
- Fitting and assembling panels as well as floor, hood and roof structures within the container facilities
- Collaborating with other departments within the company

Your profile:

- Completed technical vocational training, preferably in the metalworking sector, or several years' experience in this field
- Professional experience as a metalworker, mechanical engineering technician, fitter or similar would be an advantage
- Technical understanding and good spatial awareness
- Ability to work independently whilst also being a team player
- Willingness to work a two-shift rota
- Good command of German

What you can expect:

- Varied projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialities
