Your responsibilities:

- Independently managing the operational procurement process (requesting quotations, supplier selection, order processing, handling order confirmations and verifying incoming invoices)
- Monitoring and following up on delivery dates and supplier notifications
- Handling customer complaints
- Maintaining master data in the ERP system
- Additional organisational tasks and proactive involvement in the further development of procurement processes

Your profile:

- Completed commercial or business studies training (apprenticeship | HAK/HLW)
- Professional experience in procurement (preferably in the steel and mechanical engineering sectors) with a strong focus on quality and cost
- A basic understanding of technical matters would be an advantage
- A structured, precise, solution-oriented and independent approach to work
- Ability to work as part of a team, with good communication skills and a confident manner
- Proficiency in MS Office and professional experience with ERP systems
- Very good command of German and English

What you can expect:

- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
- A canteen serving regional specialties
- The chance to play an active role in shaping the company's future
