Your responsibilities:

- Carrying out electrical installations in our technical containers (at the factory)
- Fitting cable trays and installing cables and wiring for the power supply
- Distribution of electrical circuits, wiring and installation within the container facilities
- Cabling of switchgear (low and medium voltage)
- Testing the systems for functionality and compliance with safety standards

Your profile:

- Completed technical vocational training in the electrical sector (preferably as an electrician)
- Foreman's qualification would be an advantage
- At least 3–5 years' professional experience as an electrician
- Ability to read circuit diagrams and technical understanding
- Ability to work independently whilst being a team player
- Good command of German

What you can expect:

- Varied projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialties

Does this job appeal to you? Then apply now – we look forward to getting to know you!

For this full-time position, a gross salary starting from 3,500 euros is offered. We are happy to offer a higher salary depending on your professional experience and qualifications.
