Your responsibilities:

- Carrying out tack welding and welding work independently (MAG)
- Reading welding and assembly drawings
- Visually inspecting welds in accordance with VT inspection specifications
- Documenting inspection results in accordance with quality guidelines

Your profile:

- Sound knowledge of MAG welding
- Valid certificate for visual weld inspection (VT inspection) required
- Experience in weld inspection would be an advantage
- Confidence in working with technical drawings and design plans
- High standards of quality, accuracy and the ability to work independently
- Willingness to work shifts in a two-shift rota

What you can expect:

- An interesting working environment within a motivated team
- A strong, international company with a secure order book
- 5 weeks' annual leave
- Company events, break areas, a canteen
- State-of-the-art work equipment
- High-quality protective equipment and workwear
- Opportunities for professional development within an industrial company offering all the benefits of a family-run business
