Your tasks:

In this responsible position, you will be responsible for strategic and operational project management in the area of supply chain management for complex production kits.

- Supporting outsourcing processes for components, parts and assemblies
- Setting up an external logistics service provider for warehousing, picking, packing and shipping of production kits
- Supervising and ensuring all processes with the external service providers
- Optimising the entire supply chain in collaboration with Purchasing, Production, Quality, Engineering and Sales/PM
- Introducing efficient logistics and procurement processes and IT interfaces (e.g. ERP integration)
- . ERP integration)
- Support in change management during the transformation from in-house to "external" logistics processes
- Reporting to the management/project management team and regular project status reports

Your profile:

- Completed studies in industrial engineering, logistics, supply chain management or comparable qualification
- Multiple years of management experience in supply chain management, ideally in the manufacturing industry or plant/mechanical engineering
- . Plant/mechanical engineering
- Proven experience in outsourcing projects and the development of logistics service providers
- In-depth knowledge of warehouse management, packaging, shipping logistics and service provider management
- Experienced handling of ERP systems and logistics IT applications
- Project management expertise as well as strong communication and negotiation skills
- Entrepreneurial thinking, hands-on mentality and a high level of personal responsibility
- Experience in interim management is an advantage; Willingness to take on a permanent position
- Very good written and spoken German and English

You can expect:

- Varied projects in a motivated team
- Modern work equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym allowance and much more
- Development opportunities in a successful industrial company with a familiar corporate culture
- Canteen with regional delicacies
- Home office option (up to 1.5 days per week)
- The opportunity to actively help shape the future of the company
