Your tasks:

- Performing assembly activities when assembling container assemblies up to 25 m long
- Drilling and riveting (partly galvanised) steel components
- Installing and assembling panels as well as floor, bonnet and roof finishes within the container systems
- Collaborating with other departments in the company

Your profile:

- Completed technical vocational training, preferably in the metal sector or several years of experience in this field
- Professional experience as a metal worker, mechanical technician, fitter or similar would be an advantage
- Technical understanding and good spatial awareness
- Independent working style combined with the ability to work in a team
- Willingness to work in a 2-shift model
- Good knowledge of German

You can expect:

- Varied projects in a motivated team
- Modern work equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym allowance, ...
- Development opportunities in a successful industrial company with a familiar corporate culture
- Canteen with regional delicacies
