Your tasks:

- Technical leadership, organisation and further development of a motivated quality management team
- Compliance with and further development of our quality standards - both internally and towards customers
- Conducting quality controls, documentation and evaluation of processes
- Ensuring compliance with legal regulations and customer specifications
- Analysing sources of error and initiating measures to improve quality
- Preparing and conducting audits (internal and external)
- Developing and implementing quality standards in accordance with ISO 9001:2015

Your profile:

- Completed technical training
- Certification as a quality manager or equivalent training
- Multi-year experience in quality assurance or quality management, ideally in a production-related environment
- Practical experience in the introduction, implementation and maintenance of quality management systems
- Management experience (team size 3-5 people)
- Independent, proactive and solution-oriented way of working
- Strong communication skills, high quality awareness, assertiveness and decisiveness
- Very good written and spoken Czech and English skills, German an advantage

You can expect:

- An interesting working environment in a motivated team
- A strong, international company with a secure source of orders
- Holiday entitlement for 5 weeks
- Company events, rest areas, cafeteria
- State-of-the-art work equipment
- High-quality protective equipment/work clothing
- Development opportunities in an industrial company with all the benefits of a family business
