**VIEW JOB ONLINE**

We are looking for a committed and responsible person with organisational talent and vision to ensure the timely supply of kits for our branch in the USA.

#### **Your tasks:**

- Inventory analysis and scheduling of supply orders for our plant in the USA
- Bill of materials comparison USA vs. Austria
- Analysing approved parts lists to determine material requirements
- Creating order proposals based on the parts lists for purchasing
- Analysing stock discrepancies and initiating and following up on corrective measures
- Maintaining and continuously updating master data in the ERP system
- Preparing picking lists for logistics
- Consulting closely with engineering, Purchasing, Warehouse and Production to ensure smooth supply
- Proactive co-design and optimisation of scheduling and supply processes

#### **Your profile:**

- Technical or commercial training and at least 3 years of experience in materials planning or work preparation in a manufacturing company
- Experience in dealing with parts lists and ERP systems as well as very good Excel skills
- Structured, analytical and independent way of working
- Organisational talent, strong communication skills and initiative
- Willingness to work flexible hours to coordinate with our US site
- Very good written and spoken English

#### **You can expect:**

- Varied projects in a motivated team
- Modern work equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym allowance, ...
- Development opportunities in a successful industrial company with a familiar corporate culture
- Canteen with regional delicacies

Do you like this job? Then apply now - we look forward to getting to know you!

The gross salary for this position is €3,500 based on full-time employment. We are happy to overpay depending on your professional experience and qualifications.
