As part of a major international project, a new logistics centre is being built in Ort im Innkreis to supply our assembly site in the USA. During this set-up phase, you will have the opportunity to actively help shape processes and take on responsibility right from the start.

The site will play a central role along the entire supply chain: from goods receipt, storage and order picking to shipping preparation, you will work with the team to ensure a smooth flow of materials. The final assembly of the technology containers then takes place at the US site.

Your tasks:

- Check and accept deliveries, enter order and delivery note data in the ERP system
- Create and continuously manage picking lists
- Coordinate and work closely with Purchasing regarding goods deliveries
- Implement appropriate measures in the event of incorrect deliveries in collaboration with Quality Assurance, including returns processing
- Various tasks in the area of warehouse management and inventory management

Your profile:

- Completed relevant training
- Multiple years of professional experience in logistics (e.g. warehouse management) in a manufacturing company
- .e.g. warehouse management) in a manufacturing company
- Reliability, structured way of working and team orientation
- Sure handling of ERP systems and MS Office
- Good written and spoken German

You can expect:

- The opportunity (after a training phase of several weeks in St. Georgen bei Grieskirchen and the current external location in the Kirchdorf/Krems area) to actively help shape the development of the location in Ort im Innkreis, contribute your own ideas and develop processes together
- Modern work equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym allowance, ...
- Development opportunities in a successful industrial company with a familiar corporate culture
