VIEW JOB ONLINE

As part of a major international project, a new logistics centre is being built in Ort im Innkreis to supply our assembly plant in the USA as well as other international customers. During this start-up phase, you'll have the opportunity to play an active role in shaping processes and take on responsibility right from the start. The site plays a central role throughout the entire supply chain: from goods receipt through to storage and order picking right through to dispatch preparation, you'll work with the team to ensure a smooth flow of materials. The final assembly of the technical containers then takes place at the US site.

Your responsibilities:

- Receiving, checking and storing delivered materials, parts and components
- Picking large and small parts according to orders
- Packaging suitable for dispatch, securing loads and loading for overseas transport
- Loading and unloading lorries, as well as internal material transport
- Ensuring orderly and structured warehouse operations
- Compliance with safety and quality standards

Your profile:

- Completed training in logistics, warehouse management or a comparable field, or several years' professional experience in the warehouse or logistics sector
- An independent, structured and reliable approach to work
- A strong focus on quality and a high degree of accuracy when carrying out tasks
- Ability to work as part of a team and a strong work ethic
- Initial experience with ERP or warehouse management systems would be an advantage
- Forklift licence an advantage
- Good command of German

What you can expect:

- The opportunity (following a training period of several weeks in St. Georgen near Grieskirchen and at our current external site in the Kirchdorf/Krems area) to play an active role in setting up the site in Ort im Innkreis, to contribute your own ideas and to help further develop processes together
- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
