Would you like to do more than just maintain systems – would you like to actively improve processes and help shape the digital transformation of a modern industrial company? Then join our team! As an ERP Key User, you'll act as the central link between production, business units and IT, and play a key role in the further development of our ERP system landscape.

Your responsibilities:

- Further developing and maintaining our ERP system landscape, including integrated systems (BI, CRM, DMS, PLM)
- Analysing and optimising existing business processes in close collaboration with internal specialist departments (production, procurement, logistics, sales, etc.)
- Designing and implementing new ERP functions and processes, as well as supporting the specialist departments in the introduction of new processes and system functions
- Maintaining and further developing interfaces, and ensuring stable system operation
- Developing, maintenance and optimisation of SQL databases and data structures, including ensuring data quality
- Analysing and resolving system faults, as well as providing support and advice to users
- Carrying out tests, preparing technical documentation and delivering user training

Your profile:

- Completed technical or commercial training with an affinity for IT
- Experience as an ERP key user, ERP consultant or in a comparable role
- Good understanding of production workflows and processes
- Experience of working with ERP systems, as well as good SQL and database skills (MS SQL Server)
- Knowledge of ERP interfaces, data integration and, ideally, DMS and/or PLM systems would be an advantage
- Strong communication skills and a passion for collaborating with different departments
- Proactive approach, analytical thinking and a structured way of working
- Good written and spoken German and English

What you can expect:

- Varied projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: fruit, company doctor, gym subsidy, ...
- Opportunities for professional development within a successful industrial company with a family-like corporate culture
- A canteen serving regional specialities
- The option to work from home (max. 1.5 days per week)

Does this job appeal to you? Then apply now – we look forward to getting to know you!
