Your responsibilities:

- Training of apprentices in metalworking – imparting theoretical knowledge and practical skills in accordance with the job description (e.g. welding, turning, milling)
- Supervising apprentices in the training workshop – guiding, monitoring and supporting apprentices during practical activities
- Documenting and assessing training progress
- Developing and delivering technical training programmes for apprentices
- Carrying out work in the field of metalworking (turning, milling, welding)
- Ensuring worker protection and compliance with all safety regulations
- Inspiring young people's enthusiasm for metalworking and supporting their professional and personal development

Your profile:

- Completed vocational training and several years' professional experience in the field of metalworking
- Good knowledge of welding, turning and milling
- Experience with standard welding methods
- Completed trainer's examination or willingness to undertake it
- Experience in training or mentoring young people is desirable
- Enjoyment in passing on knowledge in a clear and practical way
- Strong interpersonal skills and the ability to treat young people with respect
- Ability to work in a team, a sense of responsibility and a commitment to providing the best possible training for our apprentices
- Good knowledge of MS Office

What you can expect:

- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Career development opportunities within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialities
- The chance to play an active role in shaping the company's future

Does this job appeal to you? Then apply now – we look forward to getting to know you!

A gross salary starting at €3,200 is offered for this full-time position. We are happy to offer a higher salary depending on your professional experience

and qualifications.
