Your responsibilities:

- Independent planning and management of production orders
- Checking bills of materials and work plans for completeness and plausibility
- Preparing project-specific documentation for production (work orders, time sheets, etc.)
- Determining material requirements based on the project and production sequence
- Independent coordination with Purchasing, Production, Design and other departments
- Ensuring the availability of materials for current and upcoming projects
- Coordination of external processing
- Maintaining and updating planning data in the ERP system
- Contributing to the further development and standardisation of AV and planning processes

Your profile:

- Completed technical or commercial training – ideally related to production, work planning or production control
- Initial professional experience in a manufacturing company would be an advantage, preferably in the metalworking or industrial sector
- Technical understanding and an interest in production and manufacturing processes
- A structured and independent approach to work with a good grasp of the bigger picture
- Organisational skills and a pleasure in liaising with different departments
- Ability to work in a team, strong communication skills and a solution-oriented approach
- Proficiency in MS Office and, ideally, experience with ERP systems
- Good written and spoken English

What you can expect:

- Varied projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a close-knit corporate culture
- Canteen serving regional specialities
- The chance to play an active role in shaping the company's future

Does this job appeal to you? Then apply now – we look forward to getting to know you!

For this full-time position, a gross salary starting at 3,000 euros is offered.
