As a **painting technician**, you will paint machine parts, vehicles and equipment. You will ensure that surfaces are properly cleaned, filled, sanded and primed before painting. To ensure top quality, you'll be working with state-of-the-art technology.

An overview of your training content:

- Preparing surfaces – cleaning, sanding and masking
- Painting components and surfaces using modern painting techniques
- Working with paints, varnishes and coating materials
- Operating paint spraying systems and tools
- Quality control and working safely in accordance with environmental and safety regulations

Right from the start, you'll gain practical insight and learn, step by step, to take on responsibility.

Your strengths:

- Attention to detail
- Creative skills
- Teamwork

What you can expect:

- An interesting working environment within a motivated team
- Modern work equipment and laundered workwear
- Numerous additional benefits (canteen, fruit, doctor's appointments, gym subsidy, ...)
- Opportunities for development in an industrial company with all the benefits of a family-run business
- Convenient public transport access, including a travel pass
- Team activities and workshops
- Support with your studies
- Option of an apprenticeship leading to the Matura

Duration of the apprenticeship: 3 years

The apprentice's salary (gross per month) in accordance with the collective agreement for the metalworking industry is:

1st year of apprenticeship: EUR 1,093.49
2nd year of apprenticeship: EUR 1,322.60
3rd year of apprenticeship: EUR 1,692.31

Good performance at vocational college and in the final apprenticeship examination pays off with us and is rewarded accordingly.

Does this apprenticeship appeal to you? Then apply now with your most recent school report, a CV and a covering letter (Why are you applying for this apprenticeship at Gföllner?). We look forward to getting to know you!
