Would you like to play an active role in shaping processes and further developing a modern management system? Then join our team and help drive the continuous improvement of our organisation.

Your responsibilities:

- Further development of our Integrated Management System (IMS)
- Analysis, optimisation and further development of processes in collaboration with the specialist departments
- Supporting and advising the specialist departments on the implementation of audit findings and improvement measures
- Active participation in cross-functional projects
- Overseeing and further developing relevant management system processes
- Planning, supporting and coordinating internal and external audits
- Providing technical support and guidance to our sites in the Czech Republic and to IGPS in the USA

Your profile:

- Completed technical or commercial education (HTL, FH, TU)
- Experience in the field of quality, environmental, energy or safety management
- Knowledge of the relevant ISO standards
- A structured and solution-oriented approach to work
- A strong focus on service and customer needs when dealing with internal contacts
- Strong communication skills and a passion for cross-site collaboration
- Good command of German and English

What you can expect:

- A variety of projects within a motivated team
- Modern equipment and well-equipped production halls
- Numerous additional benefits: Fruit, company doctor, gym subsidy, ...
- Opportunities for development within a successful industrial company with a family-like corporate culture
- Canteen serving regional specialities
- The opportunity to play an active role in shaping the company's future

Does this job appeal to you? Then apply now – we look forward to getting to know you!

For this full-time position, a gross salary starting at 4,500 euros is on offer. We're happy to offer a higher salary depending on your professional experience and qualifications.
