Your responsibilities:

- Assisting with the management of our IT infrastructure
- Support and administration of clients, user accounts, hardware and software
- Analysing and resolving technical issues at 1st and 2nd level (focus on 2nd level)
- Administration of Windows, Microsoft 365 and network environments
- Providing support on server, infrastructure and system issues
- Contributing to IT, infrastructure and digitalisation projects
- Support with the roll-out of new systems and technologies
- Creating and maintaining technical documentation and user guides

Your profile:

- Completed IT training (apprenticeship, HTL) or equivalent qualification
- Professional experience in 1st and 2nd level support, as well as a good knowledge of Windows, Microsoft 365 and IT infrastructures
- Technical understanding and an interest in IT infrastructure and network technology
- Enthusiasm for technical challenges and new technologies
- An independent, structured and solution-oriented approach to work
- Service-oriented mindset, strong communication skills and a team spirit
- Good written and spoken German and English

What you can expect:

- An interesting working environment within a motivated team
- State-of-the-art work equipment
- Numerous additional benefits (canteen, fruit, medical cover, gym subsidy, ...)
- Opportunities for professional development in an industrial company with all the benefits of a family-run business
- Canteen serving regional specialities

Does this job appeal to you? Then apply now – we look forward to getting to know you!

A gross salary of 3,300 euros is offered for this full-time position. We are happy to offer a higher salary depending on your professional experience and qualifications.
