VIEW JOB ONLINE

To produce our bespoke solutions in the field of container technology, we are looking for a strong strategic and operational leader who stands out for their technical expertise and a distinctly hands-on approach.

Your responsibilities:

- Overall operational and strategic responsibility for the Mechanical Production and Assembly division as well as Surface Finishing (comprising approx. 200 staff)
- Independent planning, organisation and supervision of production processes
- Ensuring targets are met in terms of productivity, quality, costs and adherence to deadlines
- Technical and disciplinary management of the assigned team leaders and the production team (including the identification of training and staff development measures)
- Ensuring the availability of the necessary machinery, plant and equipment
- Continuous process improvement (CIP, LEAN management), including the introduction of new technologies, automation and digitalisation
- Coordination and liaison with adjacent departments, such as QM, Logistics, Engineering and AV/Production, as well as active shop floor management
- Resource planning and investment planning, as well as their implementation
- Ensuring compliance with all occupational health and safety, health and environmental regulations, as well as the relevant standards
- Production controlling – Production data collection – performance levels, productivity, on-time delivery, complaints

Your profile:

- Completed technical training (e.g. master craftsman's or technician's qualification, degree in industrial engineering, mechanical engineering, operations management or comparable training)
- Several years' professional experience in production management or a similar role.
- Ideally, experience in a metalworking company in the fields of production assembly, plant engineering, mechanical engineering or paint finishing
- Knowledge of lean management, ERP/MES/PPS systems and digital manufacturing solutions
- An assertive, solution-oriented yet respectful leader with a strong presence on the production floor
- Very good written and spoken German and good written and spoken English
